WELCOME MESSAGE *from* TAEF CHAIRMAN

Welcome to the 2020 Yushan Forum: Asian Dialogue for Innovation and Progress. As the Chairman of the Taiwan-Asia Exchange Foundation (TAEF), it is my great pleasure to introduce the theme of this year's Forum: "Forging a Resilient Future Together." Established in 2017, the annual Yushan Forum is the first Taiwan-initiated regional dialogue, pioneering in promoting progressive ideas, talent cultivation, cutting-edge technologies, and social initiatives pertinent to our time.

Since President Tsai Ing-Wen launched the New Southbound Policy (NSP) in 2016, Taiwan has been strengthening its partnerships with neighboring states and like-minded countries, while deepening our commitment to peace and prosperity in the region. Taiwan's global participation has also reached an unprecedented level in the past two years. Despite the challenges ahead, Taiwan is increasingly working in tandem with international friends to address them.

Now in its 4 year, the value of Yushan Forum is even more significant to a common future as the COVID-19 has made the world a very different place. It is a valuable opportunity to have the best and the brightest people to join us at Yushan Forum, exploring the approach to realize an inclusive growth with a people-centered development model.

On behalf of the organizing team of the 2020 Yushan Forum, I would like to express my sincere gratitude to foreign as well as domestic guests. Your attendance is a testament to the importance of Taiwan's New Southbound Policy, and we are looking forward to your insights on how we can forge a resilient future together.

Hsin-Huang Michael Hsiao
Chairman, Taiwan-Asia Exchange Foundation

about YUSHAN FORUM

The 2020 Yushan Forum: Asian Dialogue for Innovation and Progress, organized by Taiwan-Asia Exchange Foundation (TAEF), serves as a platform for facilitating Asia regional dialogue and showcasing the achievements of governmental and non-governmental cooperation among Taiwan and its neighboring partner countries. The Forum aims to foster stronger social connectivity for Asia's next generation by encouraging dialogues on innovative and progressive ideas and promoting partnerships of multifaceted regional linkages.

Located in Taiwan, Yushan—also known as “Mount Jade” or “Tongku Saveq” in the language of the local indigenous Bunun people—is the highest summit in East Asia. It is also a symbol of Taiwanese aspirations for excellence and warm friendship towards people from neighboring nations.

Entering its 4th year, the Yushan Forum will explore the prospect of “Forging a Resilient Future Together.” In the time of a pandemic, we emphasize the importance of building a resilient global society. Under the impact of the coronavirus, the conference will be held in both virtual and physical fashion. In addition to the opening ceremony and keynote speech, there is also a dialogue on the New Southbound Policy, a session on civil society capacity and partnership, and a roundtable dialogue.
